Steve Ivy Numismatic Auctions, Inc.

We get you the highest price for your money.

When you sell a coin, there's just one thing you want: the highest price possible.

To get the highest price possible, there's just one consistently reliable source to turn to: Steve Ivy Numismatic Auctions, Inc.

Our goal is to produce, time after time, the one thing you're interested in: the highest possible prices for your coins.

To do that, Steve Ivy Numismatic Auctions goes wherever the money is.

Through the most professional and sophisticated merchandising and advertising program in the numismatic industry.

With advertisements in Coin World, Barrons, The Wall Street Journals. Ads that reach buyers everywhere. Ads that sell your coins. Ads that increase the number of mail and floor bidders to give you the best chance of realizing the highest possible prices.

With all-color auction catalogs sent to thousands of buyers across the nation. We were the first and are still the only auction company to produce all-color catalogs. Color highlights your coins, attracts the eye of the bidder and brings out details that might pass unnoticed in a black and white catalog. Color gives your coins a much better chance of selling at the highest possible prices.

With CompuBid™, a Steve Ivy Numismatic Auctions exclusive. CompuBid™ is a highly advanced computerized innovation that allows each bidder to maximize his bidding dollars. Again, CompuBid™ is still another Steve Ivy Numismatic Auctions, Inc. feature that helps you to realize the highest possible prices for your coins.

With ads. With all-color catalogs. With new ideas like CompuBid™. With the most effective mailing list in the numismatic marketplace. Getting to the most interested buyers in the country with your coins. Because that's where the money is... for you and us.

Through consistent, highly comprehensive, well structured, unreserved auctions.

Many auction houses have auction sales that are glutted with multiples and are assembled in an unorganized and cluttered manner. Oftentimes, your coins are graded by several different people, thereby eliminating the consistency which is so important to a successful sale. These facts hurt your chances to compete effectively for the highest possible prices. But Steve Ivy Numismatic Auctions are managed much better. They are intentionally structured, well organized and consistently graded to create the optimum buying environment for your coins. Our auctions are realistically competitive, resulting in the highest possible prices realized for you. Our auctions are also unreserved, so more bidders will participate to give you a better chance of obtaining the highest prices possible.

At every Steve Ivy Numismatic Auction, we put competition to work for you — not against you. Because that's where the money is... for you and us.

Through major city auction lot displays.

In addition to showing your coins to thousands of buying eyes in our ads and all-color catalogs, Steve Ivy Numismatic Auctions puts your coins on display in at least one major coin show in a major city before they go to auction. This way, still more people will be able to see your coins, increasing the number of bids and increasing your chances of obtaining the highest prices possible.

From New York to Chicago to Dallas to Los Angeles, we show your coins in major cities. Because that's where the money is... for you and us.

Through short consignment cut-off dates and timely cash advances.

Because we manage our company as efficiently as we manage our auctions, and because we send all our catalogs by

first class mail, we can offer you a consignment cut-off date that is very close to the date for the actual auction. And if you need money in a hurry, we'll make generous cash advances to you before we put your coins in auction. This means your coins will be in our possession for the shortest period of time, and you'll have the money to use.

Short consignment cut-off dates and cash advances. Because that's where the fastest money is... for you and us.

If you want the highest prices for your money, then you have to go where the money is. And the money is with us.
